Description

Wall lamp available in two models: the individual one has one arm (W1) and the double one has two arms (W2). The arms are made in metal and have a textured black or white finish. These arms are combined with two sizes of articulated shades: L and S. The L shade is made in aluminum and available in solid textured matte white or black. The S shade is made in satin brass with a textured matte white finish on the outside, or in satin copper with a textured matte black finish on the outside. The Speers Arm W lamp is equipped with a high-luminance LED light source. It includes a glass lens that focuses the light and enhances its luminous efficiency. It is also available with a plug-in accessory option.
